Position Summary

BiOrbic SFI Bioeconomy Research Centre is seeking a Research Funding Officer to assist with National funding calls and philanthropic engagement.

As Research Funding Officer you will have responsibility for supporting BiOrbic's researchers to apply for and successfully secure exchequer funding. Specifically, you will identify opportunities and coordinate national funding bids. Particular emphasis will be placed on SFI Challenge funding calls, Disruptive Technologies Innovation Fund and large national funding grants of strategic importance to the centre. In addition, the Research Programme Officer will support researchers to seek philanthropic funding including developing, managing and implementing a research funding strategy dedicated to supporting philanthropic engagement.

The Centre has ambitious funding targets, and this will be a key focus of the role. The Research Programme Officer will work under the direction of the Research Funding Manager, to ensure all key performance indicators and cost share targets are met. This role will require active engagement in national and international networks and programmes.

You will also support delivery of the Centres research programme through coordination of the Centre's data management activities as well as research integrity and established open science protocols.

BiOrbic is Ireland's national bioeconomy research centre performing challenge-based research, including both blue skies and industry focused research to build and support the development of Ireland's bioeconomy. BiOrbic is an SFI Research Centre bringing together a team of researchers from across Ireland and across a range of disciplines including biotechnology, systems and synthetic biology, chemistry, chemical and bioprocess engineering, agri-food, agriculture, animal and human nutrition, marine, business and social sciences.

Salary range: €50,000 – €55,000 per annum (pro-rata - if part-time)**

Appointment on the above range will be dependent upon qualifications and experience.

Principal Duties and Responsibilities

- Systematic identification of funding opportunities aligned to the Centre's funding strategy and working directly with the Centre's researchers, to translate these opportunities into funding applications and awards;
- Provide direction and support to Centre leadership, operations team and researchers as required in the context of national and philanthropic research funding opportunities.

- Coordination of grants to National Funding Agencies, working with researchers in preparation and submission of research funding proposals, including the preparation of budgets and costings, drafting non-technical and institutional strategic content where appropriate, advising on the application procedures, funders' submission systems and terms and conditions, and ensuring proposals meet eligibility and evaluation criteria of the fund;
- Facilitate collaboration and consortium development working across the Centre's partner universities, and engaging in networking at national and international events where appropriate.
- Develop and implement a philanthropic research strategy to ensure BiOrbic leverages our national and international reputation to secure philanthropic funding.
- Ongoing, timely and accurate monitoring and reporting of research funding activities, including to SFI.
- Actively contribute to BiOrbic funding information sessions and training events.
- Assist in the roll out of any internal schemes/programmes of training.
- Maintain and manage the Centre's data repository in accordance with the principles of FAIR data.
- Ensure Centre-wide compliance with research integrity and established open science protocols.
- Develop a framework for international benchmarking against other comparable national and international organisations.
- Other duties and responsibilities as appropriate to the position, to be assigned by Research Funding Manager from time to time.

Selection Criteria

Selection criteria outline the qualifications, skills, knowledge and/or experience that the successful candidate would need to demonstrate for successful discharge of the responsibilities of the post. Applications will be assessed on the basis of how well candidates satisfy these criteria.

Mandatory

- A primary degree in a relevant or related area
- Previous experience in work related to national research programmes and/or other research programmes, with a demonstrated track record of success in grant preparation in these fields
- Familiarity with the research funding environment at national level
- Significant experience of working directly with researchers across all career levels to target and apply for funding
- Experience of identifying, managing, writing and submitting funding proposals
- Experience of stakeholder management in a research context, for example university or industry partners
- Excellent interpersonal/communication skills and an ability to work effectively with staff and management across all levels, both internally and externally
- Excellent organisational and administrative skills
- Proven ability to work effectively as part of team, meeting challenging targets and deadlines under pressure and in a demanding environment
- Excellent communication, presentation and writing skills
- Strong attention to detail
- Ability to work independently, with excellent organisational and time management skills
- Ability to prepare and present comprehensive funding reports
- Candidates must demonstrate an awareness of equality, diversity and inclusion agenda.

Cont...

Desirable

- A postgraduate qualification
- Previous experience with engagement with philanthropic funding organisations and philanthropists
- A broad understanding of the bioeconomy including an appreciation for the needs, priorities and associated challenges of industries in the field
- Experience of the reporting procedures and requirements of research funders

Athena SWAN at UCD

University College Dublin has received its second Athena SWAN Bronze institutional award in recognition of the university's work towards gender equality. To achieve this accreditation, an institution must demonstrate that it has undertaken a thorough self-assessment of gender equality challenges and has developed a detailed action plan to tackle them. The [UCD Gender Equality Action Plan 2020-2024](#) was prepared by the [Gender Equality Action Group](#) and its Working Groups, in a process that involved external benchmarking, an EDI employee survey, focus groups and consultation across the university. It includes actions relating to recruitment, promotions, leadership, work practices, organisation and culture. The implementation of the Plan is already underway and includes mechanisms to track progress on each of the actions. This action plan includes the actions that arose from the review of the university's policy and procedures on Dignity and Respect.

Age-Friendly University

University College Dublin is proud of its designation as an Age-Friendly University as part of the AFU Global Network. The principles of an Age-Friendly University are: To encourage the participation of older adults in all the core activities of the university, including educational and research programmes.

University of Sanctuary

UCD was awarded **University of Sanctuary** status in 2018, (UoSI) is an Irish initiative to encourage and celebrate the good practice of universities, colleges and other education institutes welcoming refugees, asylum seekers and other migrants into their university communities and fostering a culture of welcome and inclusion for all those seeking sanctuary.

Open Doors Initiative

UCD has joined a group of over 95 companies and NGOs, who work with government to create pathways to employment for marginalised people. These can be internships, scholarships, training courses, aiding entrepreneurs or full/part time employment, from a range of backgrounds and abilities.

These can be developed out on a bespoke basis with organisations to include specific projects. This group work with refugees, asylum seekers and migrants, people with disabilities and disadvantaged youth (including those from a traveller background, LGBTIQ+ etc).

They offer online training, mentorships, assisted learning, seminars, inhouse training for existing employees on a range of subjects and can assist with funding for training courses you run. They have ongoing meet ups with other companies and supporting partners who are working to create diversity and inclusion within their organisations.

Eligibility to compete and certain restrictions on eligibility

Incentivised Scheme for Early Retirement (ISER):	It is a condition of the Incentivised Scheme for Early Retirement (ISER) as set out in Department of Finance Circular 12/09 that retirees, under that Scheme, are debarred from applying for another position in the same employment or the same sector. Therefore, such retirees may not apply for this position
Department of Health and Children Circular (7/2010):	The Department of Health Circular 7/2010 dated 1 November 2010 introduced a Targeted Voluntary Early Retirement (VER) Scheme and Voluntary Redundancy Schemes (VRS). It is a condition of the VER scheme that persons availing of the scheme will not be eligible for re-employment in the public health sector or in the wider public service or in a body wholly or mainly funded from public moneys. The same prohibition on re-employment applies under the VRS, except that the prohibition is for a period of 7 years, after which time any re-employment will require the approval of the Minister for Public Expenditure and Reform. People who availed of either of these schemes are not eligible to complete in this competition.
Collective Agreement - Redundancy Payments to Public Servants:	The Department of Public Expenditure and Reform letter dated 28th June 2012 to Personnel Officers introduced, with effect from 1st June 2012, a Collective Agreement which had been reached between the Department of Public Expenditure and Reform and the Public Services Committee of the ICTU in relation to ex-gratia Redundancy Payments to Public Servants. It is a condition of the Collective Agreement that persons availing of the agreement will not be eligible for re-employment in the public service by any public service body (as defined by the Financial Emergency Measures in the Public Interest Acts 2009 – 2011) for a period of 2 years from termination of the employment. Thereafter the consent of the Minister for Public Expenditure and Reform will be required prior to re-employment. People who availed of this scheme and who may be successful in this competition will have to prove their eligibility (expiry of period of non-eligibility) and the Minister's consent will have to be secured prior to employment by any public service body.

<p>Declaration:</p>	<p>Applicants will be required to sign a Pre-Employment Declaration to confirm whether they have previously availed of a public service scheme of incentivised early retirement and/or the collective agreement outlined above. The above represents the main schemes and agreements restricting a candidate's right to be re-employed in the public service. However it is not intended to be an exhaustive list and candidates should declare details of any other exit mechanism they have availed of which restricts their right to be re-employed in the public service. Applicants will also be required to declare any entitlements to a Public Service pension benefit (in payment or preserved) from any other Public Service employment and/or where they have received a payment-in-lieu in respect of service in any Public Service employment.</p>
<p>Superannuation and Retirement:</p>	<p>The successful candidate will be offered the appropriate superannuation terms and conditions as prevailing in the University, at the time of being offered an appointment. In general, and except for candidates who have worked in a pensionable (non-single scheme terms) public service job in the 26 weeks prior to appointment (see paragraph d below), this means being offered an appointment based on membership of the Single Public Service Pension Scheme ("Single Scheme").</p> <p>Key provisions attaching to membership of the Single Scheme are as follows:</p>
<p><i>a. Pensionable Age</i> - The minimum age at which pension is payable is 66 in line with State Pension age changes.</p> <p><i>b. Retirement Age</i> - Scheme members must retire at the age of 70.</p> <p><i>c. Pension Abatement:</i></p> <ul style="list-style-type: none"> • If the appointee was previously employed in the Civil Service or in the Public Service please note that the Public Service Pensions (Single Scheme and Other Provisions) Act 2012 includes a provision which extends abatement of pension for all Civil and Public Servants who are re-employed where a Public Service pension is in payment. This provision to apply abatement across the wider public service came into effect on 1 November 2012. This may have pension implications for any person appointed to this position who is currently in receipt of a Civil or Public Service pension or has a preserved Civil or Public Service pension which will come into payment during his/her employment in this position. • Department of Education and Skills Early Retirement Scheme for Teachers Circular 102/2007 <p>The Department of Education and Skills introduced an Early Retirement Scheme for Teachers. It is a condition of the Early Retirement Scheme that with the exception of the situations set out in paragraphs 10.2 and 10.3 of the relevant circular documentation, and with those exceptions only, if a teacher accepts early retirement under Strands 1, 2 or 3 of this scheme and is subsequently employed in any capacity in any area of the public sector, payment of pension to that person under the scheme will immediately cease. Pension payments will, however, be resumed on the ceasing of such employment or on the person's 60th birthday, whichever is the later, but on resumption, the pension will be based on the person's actual reckonable service as a teacher (i.e. the added years previously granted will not be taken into account in the calculation of the pension payment).</p> • Ill-Health-Retirement <p>Please note that where an individual has retired from a Civil/Public Service body on the grounds of ill-health his/her pension from that employment may be subject to review in accordance with the rules of ill-health retirement within the pension scheme of that employment.</p> <p><i>d. Prior Public Servant</i> - While the default pension terms, as set out in the preceding paragraphs, consist of Single Scheme membership, this may not apply to certain appointees. Full details of the conditions governing whether or not a public servant is a Single Scheme member are given in the Public Service Pensions (Single Scheme and other Provisions) Act 2012. However the key exception case (in the context of this competition and generally) is that a successful candidate who has worked in a pensionable (non-single scheme terms) capacity in the public service within 26 weeks of taking up appointment, would in general not become a member of the Single Scheme. In this case such a candidate would instead be offered membership of the UCD Pension Scheme. This would mean that the abatement provisions at (c) above would apply, and in addition there are implications in respect of pension</p>	

accrual as outlined below:

e. Pension Accrual - A 40-year limit on total service that can be counted towards pension where a person has been a member of more than one existing public service pension scheme would apply. This 40-year limit, which is provided for in the Public Service Pensions (Single Scheme and other Provisions) Act 2012 came into effect on 28 July 2012. This may have implications for any appointee who has acquired pension rights in a previous public service employment.

f. Pension-Related Deduction - This appointment is subject to the pension-related deduction in accordance with the Financial Emergency Measure in the Public Interest Act 2009.
